

The Utah **F**rontier **O**bservatory for **R**esearch in **G**eothermal **E**nergy (**FORGE**):

A Laboratory for Characterizing, Creating and Sustaining Enhanced Geothermal Systems

Utah FORGE is a Department of Energy-funded project for developing, testing, and accelerating breakthroughs in Enhanced Geothermal System (EGS) technologies.

We thank the many stakeholders who support this project, particularly Beaver County and the City of Milford, Bureau of Land Management, the Utah Governor’s Office of Energy Development and the Office of Economic Development, Smithfield Foods Inc, Utah Division of Water Rights, Utah School and Institutional Trust Lands Administration, Utah State Historic Preservation Office, and the Utah Congressional Delegation.
